

Gisaf - Feature #11449

Strip extra characters when importing survey CSV files

10/12/2020 01:01 - Philippe May

Status:	Resolved	Start date:	10/12/2020
Priority:	Normal	Due date:	
Assignee:	Philippe May	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description Blank characters at the end of lines in CSV files are difficult to detect when CSV files are crafted by hand and cause import error with the category. The import should automatically strip these characters.
