

GIS - Support #3294

Missing location

11/12/2016 21:56 - Philippe May

Status:	Closed	Start date:	11/12/2016
Priority:	Normal	Due date:	
Assignee:	Giulio Di Anastasio	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Well id 81 (Hebbal forest) has location id 205, but that location is missing from the locations.csv file, leading to an import error.			
Giulio, note that i'm filing this here, because it's the initial data. Later on, you'll be able to see the errors yourself while importing to the GIS DB, through the WUI (web user interface).
