

GIS - Bug #3397

Weather station and raingauge shapefile: field location should be loc_id

26/12/2016 22:22 - Philippe May

Status:	Closed	Start date:	26/12/2016
Priority:	Normal	Due date:	
Assignee:	Giulio Di Anastasio	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
The new shapefile for wells is perfect, but the 3 others still have a field location: it should be replaced by loc_id, pointing to the table of locations.			
I didn't cross-check with QGis, i'm just reporting the error shown by the software, so feel free to correct me
