Description			
Dear Christian and Philippe,			
The table of wells level and rain gauge AV level can be sorted with categories - "time", "level" etc but not the well itself. same for the rain gauge in av or region. Please make the feature active in it. this is the link http://water.auroville.org.in/admin/welllevel/			
Thanks and regards Pavneet

Sorting is nice... filtering would be even better, i guess.
Christian, have fun with Flask-admin (i'll help you getting started)

It's easy to add filters, i banged my head on sorting.
Very sorry for all the delay, btw.

Note that it's not in production yet, marking this ticket "resolve" - will close or reopen it.
