Description			
Hi! The wells are not visible on the map currently, is this a bug or is this due to any work under progress?

Revision 22eacdff - 27/12/2017 15:23 - Philippe May

Fixes #4989 (icons missing on the map): add ecapsulation.None option for the map, probably due to on-the-fly creation of DOM elements by leaflet

Definitely a bug related to a previous change in the code ([6e5b6e60](#)). No icon are shown at all on the map.
Sorry, working on it.
