AC in office

23/06/2018 13:05 - Philippe May

Status:	New	Start date:	23/06/2018
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Tency super kindly proposed us to install an AC in the office.			

History

#1 - 23/06/2018 13:05 - Philippe May

Some ideas:

- i'm generally not in favor of ACs, but office can get very hot in afternoons
- (assumption) we generally work better in a cooler environment
- fans are noisy, and might not be more energy efficient
- we also have to consider the future members (volunteers), that might need it more than us

So, my first idea was it's not required, but after few thoughts, i'm more in favour of it.
