

Gisaf - Feature #6099

Sanic/Gino admin

26/06/2018 11:19 - Philippe May

Status:	New	Start date:	26/06/2018
Priority:	Low	Due date:	
Assignee:	Philippe May	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Async	Spent time:	0.00 hour
Description			
The branch "sanic" gives a version of Gisaf on Sanic/Gino.			
But there's no practical solution, as of today, for offering the equivalent of Flask-admin.			
See https://github.com/fantix/gino/issues/167 and https://github.com/fantix/gino/issues/260 .			

History

#1 - 29/06/2018 13:10 - Philippe May

https://github.com/aio-lib/aiohttp_admin might be a good bet as of today.

This implies moving from sanic to aiohttp, which is also an option as Sanic dev has slowed down a lot while aiohttp is quite active. Also, https://www.reddit.com/r/Python/comments/876msl/sanic_python_web_server_thats_written_to_die_fast/ isn't encouraging for Sanic, because it shows some issue in the architecture, that aren't fixed in months.

#2 - 07/03/2019 16:24 - Philippe May

- Priority changed from Normal to Low
