<b>Description</b>			
An organization chart of CSR Geomatics has been requested by L'avenir (Sreevatsa) on the 13th of feb, in order to inform L'avenir on what are we doing, who gives us data (example: raingauges), who collects data (e.g. Bala, Meera, Dorian, Raj and Ram) and where data are, so that there will be something to be explained to next members of L'avenir by old members, without us needing to re-start the explanation from scratch
