Description
Not sure if this is not how it is supposed to be, but after importing the shape files the status (in basket) is showing as "none", why doesn't the default status "E" appear?

- Status changed from New to In Progress

- Assignee changed from Philippe May to Pavneet Kaur

I think it's solved (by 9fa81ee3).

Now, we have few files in the basket that Pavneet uploaded and do not have a proper status (sorry).

Pavneet, we'll need to sit together and set the right status for these files.

This has to be done through old admin? can come tomorrow evening.

#4 - 12/03/2019 10:08 - Pavneet Kaur

We can sit together for this...
