- Priority changed from Urgent to Normal

Looking at the V_BLDG_RTWL layer, there are 2 issues:

- bug in Mapbox, that depends on the zoom level and the shape. It's followed up already in another ticket, and it's not really in py hands ([#6090](#))
- features: opening the layer in QGis, i can see that some shapes (rectangles) are filled. There's probably a problem with the shapefile (just talked with Pavneet about it)

Back to you Raj for following up with Pavneet about the shapefile.

Also, i changed the priority, which i don't consider urgent.

#3 - 23/03/2019 10:28 - Pavneet Kaur

Uploaded after correction. can be closed

#4 - 23/03/2019 10:28 - Pavneet Kaur

- Status changed from New to Resolved

#5 - 23/03/2019 15:52 - Pushparaj Muthukrishnan

RTWL problem is Rectified (Problem in shape file)
