

GIS - Task #7950

To keep all the latest shapefiles on system that have been published on GISAF

23/03/2019 10:37 - Pavneet Kaur

Status:	Rejected	Start date:	23/03/2019
Priority:	Urgent	Due date:	
Assignee:	Pavneet Kaur	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
<p>Just noticed that some of the shape files are not on the system that are displayed on GISAF. It is better to keep the updated shapefiles on the system, otherwise in confusion the previous work in shapefiles can get deleted on GISAF due to upload of non updated data.</p> <p>The missing shape files can be downloaded from GISAF (In LL84 co-ordinates). I can explain you in office better.</p>
